

# cairo 90 degree reel

out of sight, out of mind

## why choose a cairo 90 degree reel

If you don't want the pool cover reel in the way or just plain don't want to look at a reel poolside then why not hide it away ?

The Cairo is a simple, durable manually operated reel that is hidden out of sight.

With the Cairo option we supply only the reel mechanism (tube, hubs, axles, gearbox, handle and mounting brackets).

The reel pit is then custom made by your builder or landscaper. This gives you the ability to build the pit to your specific requirements.

## benefits of a cairo 90 degree reel

- Extends the life of the cover
- Keeps the deck clear for the kids
- Easy to operate
- Helps achieve an amazing looking pool surround

Call us to discuss your options.

0800 100 337

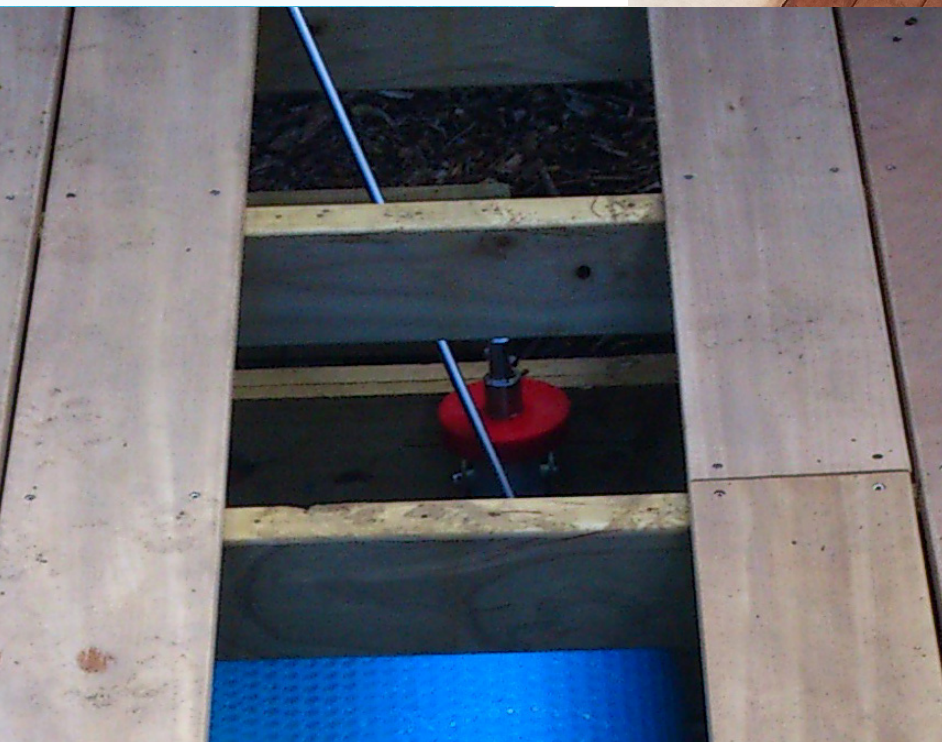

## application & construction

- Suits small to medium sized residential pools (up to 60 sqm)
- Can be used when low cost mounting options are available
