

Platinum pool reels

making pool cover use easy

what makes the platinum series special

Getting a cover on and off your swimming pool can be a drag, and if using your pool is not quick and easy, you're not going to use it as much. An easy-to-use pool gets used. BMH Platinum Series of pool reels help you roll your cover on and off your swimming pool fast and fuss free.

Designed to be free standing on the deck at the end of the pool, your pool cover is permanently attached to the reel with cords. Rotating the reel using the handle to roll the cover off the pool simplifies the task of cover removal and reduces dragging and damage to the cover.

benefits of a platinum pool cover reel

- Extends life of pool cover
- Convenient storage system
- Saves time and effort
- For most shapes of pools
