

20mm Spa Foam

simple, light and durable

why choose a BMH 20mm spa foam

As an out and out heat retention option the 20mm Spa Foam is an ideal spa cover in a range of situations.

If locking features are not required or if a bulky cover would be too hard to handle then this is the option for you.

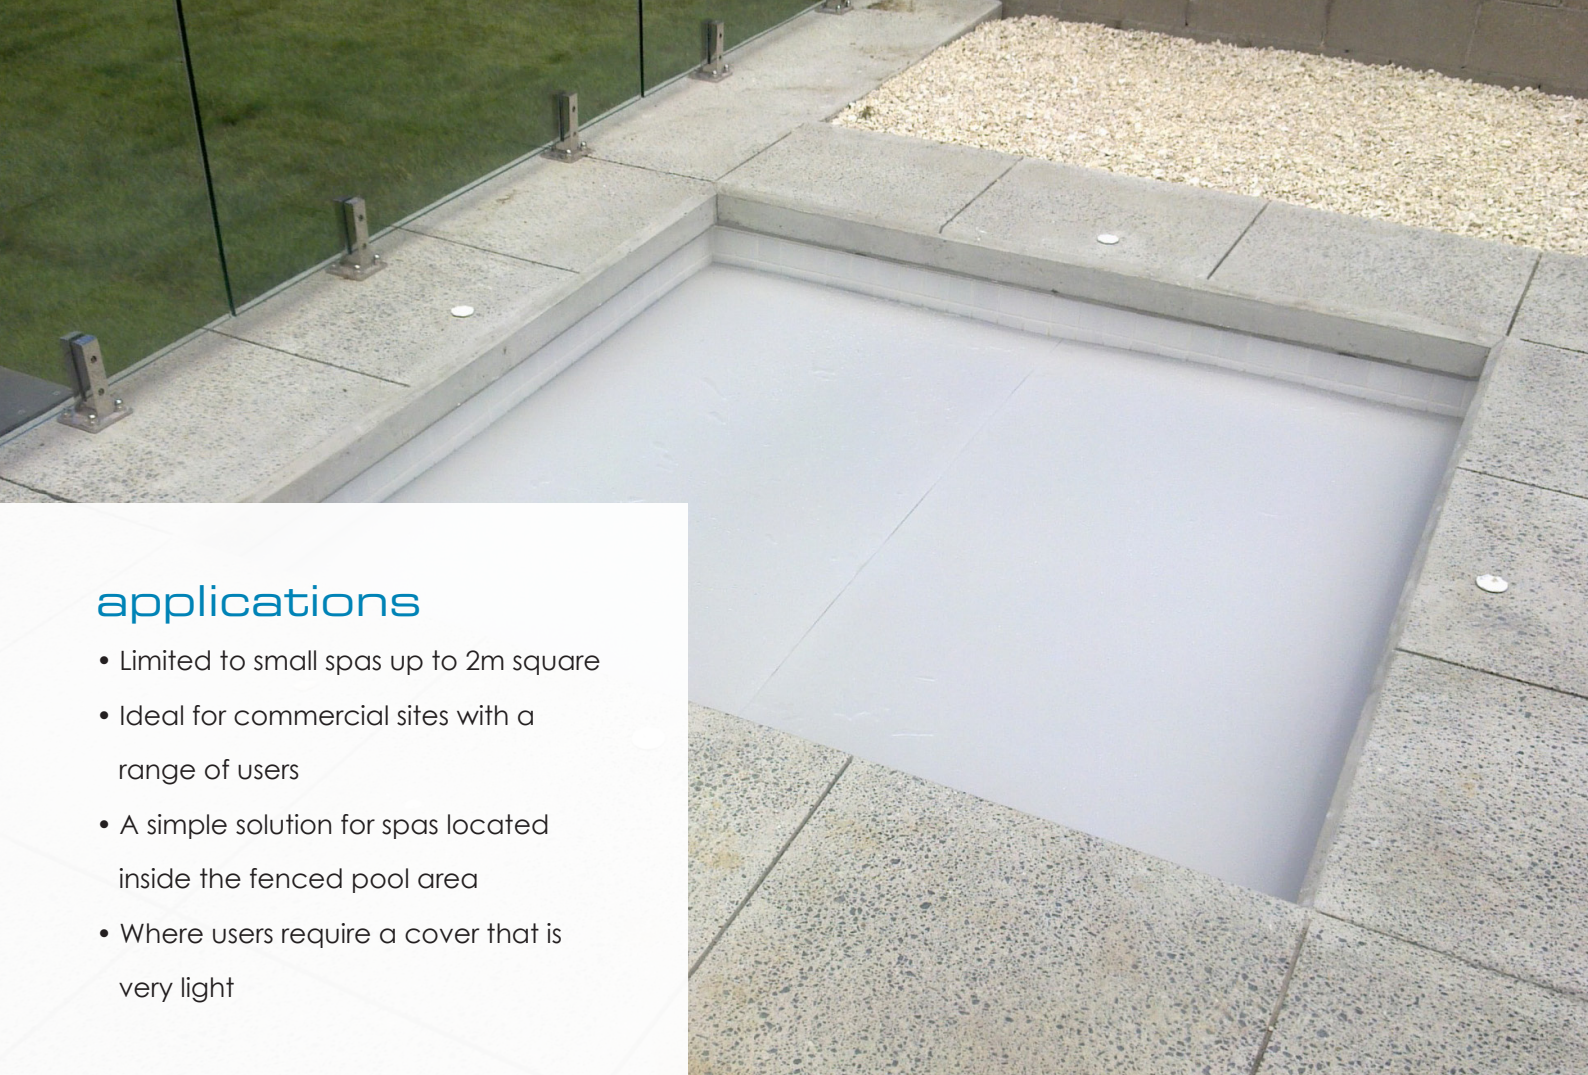

Even the kids can manage these so that's one less thing you have to do for them!

benefits of a 20mm spa foam

- Low cost heat retention
- Easy for everyone to use
- Will still function if knocked around
